

| Arabian Mau             |   | Update 01.01.2010   |                 |  |      |           |      |           |      |           |      |           |      |           |           |          |
|-------------------------|---|---|-----------------|--|------|-----------|------|-----------|------|-----------|------|-----------|------|-----------|-----------|----------|
| <b>Body</b>             | <p>The medium-sized cat has a strong body structure. The overall appearance is of not being too slender.</p> <p>The cat should be very muscular and high on legs. The legs are long with oval paws.</p> <p>The tail is medium-long and tapering towards the tip.</p>  |   |                 |  |      |           |      |           |      |           |      |           |      |           |           |          |
| <b>Head</b>             | <p>The head appears to be round, but it is slightly longer than broad with well defined whisker pads. The profile is slightly curved with a prominent chin.</p>   |   |                 |  |      |           |      |           |      |           |      |           |      |           |           |          |
| <b>Ears</b>             | <p>The ears are large and slightly set to the sides.</p>  |   |                 |  |      |           |      |           |      |           |      |           |      |           |           |          |
| <b>Eyes</b>             | <p>Eye shape is oval.</p> <p>The eye colour corresponds with the coat colour.</p>   |   |                 |  |      |           |      |           |      |           |      |           |      |           |           |          |
| <b>Coat</b>             | <p>The coat is without undercoat and close lying to the body.</p> <p>The texture in adult cats should not be too silky, it should be firm to touch.</p>   |   |                 |  |      |           |      |           |      |           |      |           |      |           |           |          |
| <b>Colour varieties</b> | <b>White (WH)</b>   | <ul style="list-style-type: none"> <li>• Pure white without yellow patches.</li> <li>• Looks very clean.</li> <li>• Appears silky, but not smooth to touch.</li> </ul>  |                 |  |      |           |      |           |      |           |      |           |      |           |           |          |
|                         | <b>Black (BLK)</b>  | <ul style="list-style-type: none"> <li>• Completely black without any rusty traces.</li> <li>• Looks very clean, with a sheen.</li> <li>• Appears silky, but not smooth to touch.</li> </ul>  |                 |  |      |           |      |           |      |           |      |           |      |           |           |          |
|                         | <b>Black and White (BW)</b>   | <ul style="list-style-type: none"> <li>• Pure black with prominent white patches, or pure white with black patches.</li> <li>• Looks very clean, with a sheen.</li> <li>• Appears silky, but not smooth to touch.</li> </ul>        |                 |  |      |           |      |           |      |           |      |           |      |           |           |          |
|                         | <b>Brown (BR) (tabby: mackerel or spotted)</b>  | <ul style="list-style-type: none"> <li>• Brown Tabby with dark brown stripes on the back.</li> <li>• The typical pattern of the cats living on the Asian continent.</li> <li>• The tabby pattern covers the entire body.</li> </ul> |                 |  |      |           |      |           |      |           |      |           |      |           |           |          |
|                         | <b>Grey (GR) and White (tabby: mackerel or spotted)</b>   | <ul style="list-style-type: none"> <li>• Any amount of white.</li> <li>• The typical pattern of the cats living on the Asian continent.</li> <li>• The tabby pattern covers the entire body.</li> </ul>                             |                 |  |      |           |      |           |      |           |      |           |      |           |           |          |
| <b>Remarks</b>          | <ul style="list-style-type: none"> <li>• The breed is a provisionally recognized breed. The cats may receive a qualification with classification, but no title.</li> <li>• A silky texture in young cats is allowed.</li> </ul>   |   |                 |  |      |           |      |           |      |           |      |           |      |           |           |          |
